**ENABLE IPC CORPORATION
PROXY STATEMENT
FOR
2008 ANNUAL MEETING OF STOCKHOLDERS**

These proxy materials are furnished in connection with the solicitation of proxies by the Board of Directors of Enable IPC Corporation, a Delaware corporation, for the 2008 Annual Meeting of Stockholders (the "Annual Meeting") to be held at 29033 Avenue Sherman, Suite 202, Valencia, California 91355, on August 15, 2008, at 9:00 a.m. and any adjournments or postponements thereof. This Proxy Statement, our Annual Report for the year ended March 31, 2008, and the accompanying proxy card were first mailed to stockholders on or about July 7, 2008.

Purpose of Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

Voting Rights and Outstanding Shares

Our common stock is the only type of security entitled to vote at the Annual Meeting. On June 26, 2008, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were 31,463,996 shares of our common stock outstanding. No shares of our preferred stock were outstanding. Each stockholder of common stock of record on the record date is entitled to one vote for each share of common stock held by such stockholder on that date. Stockholders may not cumulate votes in the election of Directors.

A majority of the outstanding shares of common stock entitled to vote must be present or represented by proxy at the Annual Meeting in order to have a quorum. Abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum for the transaction of business.

All votes will be tabulated by the inspector of elections appointed for the Annual Meeting who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Broker non-votes are shares which are not voted by the broker who is the record holder of the shares because the broker does not receive voting instructions from the beneficial owners of those shares or does not vote the shares in other circumstances in which proxy authority is defective or has been withheld with respect to any matter. Directors are elected by a plurality vote. The other matters submitted for stockholder approval at this Annual Meeting will be decided by the affirmative vote of the holders of a majority of shares present in person or represented by proxy and entitled to vote on such matter. With regard to the election of Directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. Abstentions with respect to any matter other than the election of Directors will be treated as shares present or represented and entitled to vote on that matter and will thus have the same effect as negative votes. Broker non-votes are deemed not to be entitled to vote on the matter and accordingly are not counted for purposes of determining whether stockholder approval of that matter has been obtained.

Revocability of Proxies

If the enclosed form of proxy is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted FOR the election of each Director proposed by the Board unless the authority to vote for the election of any such Director is withheld and, if no contrary instructions are given, the proxy will be voted FOR Proposals 1 and 2, and with respect to any other proposals properly brought before the Annual Meeting, as the Board of Directors recommends. You may revoke or change your proxy at any time before the Annual Meeting by filing with the Secretary of Enable at our principal executive offices a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person.

Solicitation of Proxies

We will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy, and any additional solicitation material furnished to stockholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others, so that they may forward this solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone or other means by our directors, officers, or employees. Except as described above, we do not presently intend to solicit proxies other than by mail.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

On July 26, 2007, our Board of Directors and stockholders approved an amendment to our Bylaws to provide for a classified Board of Directors consisting of three classes of Directors, each serving staggered three-year terms.

The class of Directors whose term of office expires at the Annual Meeting currently consists of two Directors, each of whom is a current Director and each of whom is “independent” as defined by our Board of Directors Corporate Governance Guidelines. These Guidelines base the definition of independence on Nasdaq Rule 4200 and are available on our website at www.enableipc.com.

The Directors elected to this class will serve for a term of three years, expiring at the 2011 Annual Meeting of Stockholders, or until their successors have been duly elected and qualified. The names and ages of the persons who are nominees for Director, the terms of their proposed directorship, and their positions and offices with Enable as of May 31, 2008 are set forth below.

Each person nominated for election has agreed to serve if elected, and management has no reason to believe that either of the nominees will be unavailable to serve. If any of the nominees are unable or decline to serve as a Director at the time of the Annual Meeting, the proxies will be voted for any nominee who may be designated by the present Board of Directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominees named below. The two candidates receiving the highest number of affirmative votes of the shares represented and voting on this particular matter at the Annual Meeting will be elected Directors of Enable, to serve for their respective terms or until their successors have been elected and qualified. The proxies solicited by this Proxy Statement may not be voted for more than two nominees.

Board Meetings and Committees

Our Board of Directors held four meetings in fiscal year 2008. We currently have four committees of our Board of Directors: the Audit Committee, the Compensation Committee, the Technical Advisory Committee and the Corporate Relations Committee. We have adopted charters for our Audit Committee, Compensation Committee, and Technical Advisory Committee, current copies of which, as well as our Board of Directors Corporate Governance Guidelines, are available on our website at www.enableipc.com. The Board of Directors has determined that a majority of the Board is comprised of independent Directors. During fiscal year 2008, each Director attended at least 75% of the meetings of the Board and 75% of the meetings, if any, of the Board committees upon which such Director served. Directors are encouraged to attend the annual meeting of stockholders. Last year, four of our then six Directors attended our annual meeting.

We do not have a nominating committee. Currently, our Board of Directors performs the functions of a nominating committee, following the guidelines set forth in our Board of Directors Corporate Governance Guidelines. In nominating prospective new Board members, as well as incumbent Directors for re-election, the Board takes into account the following criteria:

- Strong experience in management, engineering or an area where the Board recognizes that expertise is needed and lacking;
- Independence as defined in the Board of Directors Corporate Governance Guidelines;

- Diversity;
- Integrity, honesty, good judgment and fair dealing;
- Time commitment as described in the Board of Directors Corporate Governance Guidelines; and
- No conflicts of interest.

Audit Committee. The Audit Committee reviews, acts on and reports to the Board of Directors regarding various auditing and accounting matters, including the selection of our independent auditors, the monitoring of the rotation of the partners of the independent auditors, the review of our financial statements, the scope of the annual audits, fees to be paid to the auditors, the performance of our independent auditors and our accounting practices. Our auditors report directly to the Audit Committee. The Audit Committee held four meetings in fiscal year 2008. There are currently three members of the Audit Committee, Mr. Teran, Mr. Lambirth and Mr. Kim. The Board has determined that all members of the Audit Committee are “independent” as defined by our Board of Directors Corporate Governance Guidelines. These Guidelines base the definition of independence on Nasdaq Rule 4200 and are available on our website at www.enableipc.com.

Mr. Teran is the Chairman of the Audit Committee, and also serves as our “audit committee financial expert”. Under the applicable Securities and Exchange Commission standard, an audit committee financial expert means a person who has the following attributes:

- An understanding of generally accepted accounting principles and financial statements;
- The ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;
- Experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities;
- An understanding of internal controls and procedures for financial reporting; and
- An understanding of audit committee functions.

Compensation Committee. The Compensation Committee determines the salaries and incentive compensation of our officers and provides recommendations for the salaries and incentive compensation of our other employees. The Compensation Committee held one meeting in fiscal year 2008. There are currently three members of the Compensation Committee, Mr. Lambirth, Mr. Kim and Mr. Teran. The Board has determined that all members of the Compensation Committee are “independent” as defined by our Board of Directors Corporate Governance Guidelines. These Guidelines base the definition of independence on Nasdaq Rule 4200 and are available on our website at www.enableipc.com. Mr. Walker, our Chief Executive Officer, did not participate in deliberations of the Board of Directors relating to his compensation for fiscal 2007 and 2008.

Technical Advisory Committee. The Technical Advisory Committee was established to aid in the direction, performance, productivity and efficiency of our research, development and other technical activities. While it is overseen by Dr. Mark Daugherty, a Director with technical expertise, it may have non-directors as members to advise our engineers and technologists. There are currently six members of the Technical Advisory Committee, Dr. Daugherty, Dr. Choi, Martin Leung, Ph.D., Mr. Daniel Dunn, Mr. Kevin Leonard and Marc Anderson, Ph.D.

Corporate Relations Committee. The Corporate Relations Committee is a new committee in the formation process. It will make recommendations to the Board of Directors with respect to our public policy, persona and reputation; investor relations; and community relations programs. The Committee is led by Mr. Verges; he and the Board are

considering other candidates for membership at this time. Such candidates may include one or more members of our investor relations staff; one or more members of our public relations staff; one or more of our stockholders; and other persons who we believe could positively contribute to the Committee.

Code of Ethics

We have adopted a Code of Ethical Conduct that is applicable to our Directors, officers and employees, and is available on our website at www.enableipc.com.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT AUDITOR

General

Enable's Audit Committee, with the approval of the Board of Directors, has appointed L.L. Bradford & Company, LLC to serve as our independent auditors for the year ending March 31, 2009, subject to the approval of our stockholders. The Audit Committee and the Board believes that L.L. Bradford & Company, LLC's experience with and knowledge of Enable are important, and would like to continue this relationship. L.L. Bradford & Company, LLC has advised us that the firm does not have any direct or indirect financial interest in Enable, other than its capacity as our independent auditor providing auditing and accounting services.

In making the recommendation for L.L. Bradford & Company, LLC to continue as our independent auditor for the fiscal year ending March 31, 2009, our management team and the Audit Committee reviewed past audit results and the audit and non-audit services, if any, proposed to be performed during fiscal year 2009. In selecting L.L. Bradford & Company, LLC, the Audit Committee and the Board of Directors carefully considered L.L. Bradford & Company, LLC's independence. L.L. Bradford & Company, LLC has confirmed to us that it is in compliance with all rules, standards and policies of the Independence Standards Board and the Securities and Exchange Commission governing auditor independence.

A representative of L.L. Bradford & Company, LLC may attend the Annual Meeting. If the representative attends, he or she will have the opportunity to make a statement if the representative desires to do so and will be able to respond to appropriate questions from stockholders.

Fees and Services

The following table shows the aggregate fees billed to us for professional services by L.L. Bradford & Company, LLC, our independent auditors, for the years ended March 31, 2008 and 2007:

	2008	2007
Audit Fees	\$25,600	\$17,000
Audit-Related Fees	\$600	\$1,300
Tax Fees	\$-0-	\$-0-
All Other Fees	\$-0-	\$-0-
Total	<u>\$26,200</u>	<u>\$18,300</u>

Audit Fees. This category includes the aggregate fee billed for professional services rendered for the audits of our financial statements for the years ended March 31, 2008 and 2007, for the reviews of the financial statements included in our quarterly reports on Form 10-QSB during fiscal 2008 and 2007, and for other services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for the relevant fiscal years.

Audit-Related Fees. This category includes the aggregate fees billed in each of the last two fiscal years for assurance and related services by the independent auditors that are reasonably related to the performance of the audits or reviews of the financial statements and are not reported above under "Audit Fees," and generally consist of fees for other engagements under professional auditing standards, accounting and reporting consultations, internal control-related matters, and audits of employee benefit plans.

Tax Fees. This category includes the aggregate fees billed in each of the last two fiscal years for professional services rendered by the independent auditors for tax compliance, tax planning and tax advice.

All Other Fees. This category includes the aggregate fees billed in each of the last two fiscal years for products and services provided by the independent auditors that are not reported above under "Audit Fees," "Audit-Related Fees," or "Tax Fees."

In the past, the Audit Committee has reviewed and approved the fees to be paid to the auditors. Such fees have been based upon the complexity of the matters in question and the time incurred by the auditors. We believe that the fees negotiated in the past with the auditors were reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services.

Stockholder Approval

The affirmative vote of a majority of our outstanding voting shares present or represented and entitled to vote at the Annual Meeting is required for approval of this Proposal. Should stockholder approval not be obtained, the Audit Committee and the Board of Directors will reconsider the selection of L.L. Bradford & Company, LLC.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends that stockholders vote FOR the ratification of the selection of L.L. Bradford & Company, LLC as our independent auditors for the fiscal year ending March 31, 2008. We will vote your shares as you specify on the enclosed proxy card. statements. The Audit Committee is responsible for overseeing the conduct of these activities by Enable's management and the independent auditors.

In this context, the Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that Enable's financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the financial statements with management and the independent auditors.

The Audit Committee has discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees), as amended. In addition, the independent auditors provided to the Audit Committee the written disclosures required by Independence Standards Board Statement No. 1 (Independence Discussions with Audit Committees), and the Audit Committee and the independent auditors have discussed the auditors independence from Enable and management, including the matters in those written disclosures. The Audit Committee has discussed with Enable's independent auditors, with and without management present, their evaluation of Enable's internal accounting controls and the overall quality of Enable's financial reporting.

In reliance on the reviews and discussions with management and the independent auditors referred above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements in Enable's Annual Report on Form 10-KSB for the fiscal year ended March 31, 2008, for filing with the Securities and Exchange Commission. The Audit Committee also recommended to the Board of Directors, and the Board of Directors approved, the selection of Enable's independent auditors.

Section 16(A) Beneficial Reporting Compliance

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than ten percent of a class of our capital stock, to file reports of ownership and changes in their ownership with the Securities and Exchange Commission. These persons are required to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms received by us, we believe that Form 4s may not have been timely filed during the year ended March 31, 2008 for (i) shares issued in August 2007 to certain of our Directors and officers as payment for services rendered and as disclosed in the section titled "Director Compensation" above; (ii) purchases in August 2007 and in February 2007 of a total of 250,000 shares our common stock for an aggregate of \$10,000 by our Director Timothy A. Lambirth, as well the issuance in August 2007 of 128,438 shares of our common stock as payment for services rendered by a law firm of which Mr. Lambirth is a principal; (iii) the issuance in August 2007 of 71,500 shares of our common stock valued at \$5,005 to pay off outstanding loans from our Director Jin Suk Kim; (iv) the issuance in August 2007 of 142,858 shares of our common stock valued at \$5,005 to pay off outstanding loans from our Director Daniel Teran; and (v) the gifting in February 2008 of 500,000 shares of our common stock then beneficially owned by our Chief Executive Officer, David Walker.

We have entered into indemnification agreements with our directors and executive officers. These agreements provide, in general, that we will indemnify and hold harmless such directors and executive officers against all expenses and liabilities, including attorneys' fees, reasonably incurred by or imposed on them in connection with any proceeding to which they are made a party as a result of their having been such directors or executive officers.

At the present time there is no pending litigation or proceeding involving a director, officer, employee or other agent of ours in which indemnification could be required or permitted, and we are not aware of any threatened litigation or proceeding which may result in a claim for indemnification by us.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Overall Objectives

We believe that the compensation program for our Chief Executive Officer, Chief Financial Officer, and Chief Technology Officer (collectively, the “Executive Officers”), should be designed to reward the achievement of specific annual, long-term and strategic goals by Enable, and which aligns executives’ interests with those of the stockholders by rewarding performance above established goals, with the ultimate objective of improving stockholder value. The compensation program should also be sufficient to attract and retain highly qualified leaders who can create value for Enable, as well as provide meaningful incentives for superior performance.

Setting Executive Compensation

Due to the unique nature of each Executive Officer’s duties, our criteria for assessing executive performance and determining the compensation in any given year is inherently subjective and is not based upon specific formulas or weighting of factors. We also use companies in similar industries as benchmarks when initially establishing Executive Officers’ compensation. However, Enable is also a development stage company, and has limited operating history and no revenue to date. As a result, our compensation plan necessarily reflects its limitations in this respect.

Discussion of Specific Compensation Elements

Base Salary: We determine the base salaries for all Executive Officers by reviewing company and individual performance, the value each Executive Officer brings to Enable, and general labor market conditions. The base salary for each Executive Officer is determined on a subjective basis after consideration of these factors and is not based on target percentiles or other formal criteria. The base salaries of Executive Officers are reviewed on an annual basis, and any annual increase is the result of an evaluation of Enable and of the individual Executive Officer’s performance for the period. An increase or decrease in base pay may also result from a promotion or other significant change in an Executive Officer’s responsibilities during the year.

Performance-Based Incentive Compensation: We do not have a performance-based incentive compensation program at this time.

Long-Term Incentive Compensation: We plan to provide long-term incentive compensation through awards of stock options, restricted stock, and stock awards through our 2007 Stock Incentive Plan. Our equity compensation program is intended to align the interests of the named executive officers with those of our stockholders by creating an incentive for our officers to maximize stockholder value. The equity compensation program also is designed to encourage officers to remain employed with Enable despite a competitive labor market, and the fact that Enable is a development stage company and has limited operating history and no revenue to date, and may not necessarily be able to sustain a market rate base salary. Stock options, stock grants, warrants and other incentives are based on combination of factors including the need and urgency for such an executive, the experience level of the executive and the balance of such incentives with a lower than market base salary or fees that is paid in cash. Employees and consultants are granted such incentives from time to time to maintain their continuing services, sometimes without increases in salaries or fees.

Deferred Compensation Benefits: We do not have a deferred compensation program at this time.

Retirement Benefits: We do not have a 401(k) plan or other retirement program at this time.

Executive Perquisites and Generally Available Benefits: We have no executive perquisite program at this time.

Tax and Accounting Implications

We review and consider the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that Enable may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. We believe that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes.

Role of Executive Officers in Compensation Decisions

Decisions as to the compensation of our executive officers are made by the Board of Directors based on recommendations by the Compensation Committee. The executive officers who are also Board members may participate in the discussion and determination of their compensation.

The following Summary Compensation Table sets forth all compensation earned, in all capacities, during the fiscal years ended March 31, 2005, 2006 and 2007 by our (i) Chief Executive Officer, and (ii) executive officers, other than the Chief Executive Officer, whose salaries for the 2007 fiscal year as determined by Regulation S-B, Item 402, exceeded \$100,000 (the individuals falling within categories (i) and (ii) are collectively referred to as the "Named Executive Officers").

The employment agreement provided for an annual base salary of \$150,000, which may be paid in any combination of cash, common stock or options to purchase common stock as may be agreed by Mr. Walker and us. The employment agreement also required additional annual compensation to Mr. Walker of options to purchase no less than 250,000 shares of our common stock. The options, none which have not yet been granted, were to be granted in equal quarterly increments and were to be fully vested upon each grant. The employment agreement also provided that in the event we are acquired, sell all of our assets or are the non-surviving party in a merger, it is not terminated and we will use our best efforts to ensure that the transferee or surviving company is bound by its provisions. Mr. Walker has agreed to continue to work for us under the same terms without a new, written agreement.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In March 2005, we entered into a Technology and Patent Assignment with Dr. Sung H. Choi, our Technical Advisor, for the acquisition of certain technologies used in our business. In consideration for the Technology and Patent Assignment, we issued 2,000,000 shares of our common stock, with an aggregate value of \$10,000, to Dr. Choi. The Technology and Patent Assignment also provides for the payment of royalties to Dr. Choi equal to 5% of the net sales of products derived from the technology, with minimum royalty payments as follows:

2006	\$10,000
2007	\$15,000
2008	\$20,000
2009	\$45,000
2010	\$75,000

Thereafter, \$100,000 per year through 2025 (an aggregate of \$1,500,000).

In March 2008, we renegotiated the Technology and Patent Assignment to eliminate the minimum annual royalty payments due to Dr. Choi in exchange for increasing the royalties on future sales from 5% to 7.5% and the initial license fee from \$10,000 to \$100,000. As of March 31, 2008, \$10,000 of this license fee was paid. The balance of the license fee was paid in April of 2008.

In March 2005, we issued an aggregate of 1,000,000 shares of our common stock, with an aggregate value of \$5,000, to the members of our Board of Directors in consideration of services rendered.

We believe that all of the transactions set forth above were made on terms no less favorable to us than could have been obtained from unaffiliated third parties. We intend that all future transactions with affiliated persons be approved by a majority of the Board of Directors, including a majority of the independent and disinterested outside directors on the Board of Directors, and be on terms no less favorable to us than could be obtained from unaffiliated third parties.

STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

We welcome comments and suggestions from our stockholders. Here are the ways a stockholder may present a proposal for consideration by the other stockholders at our next Annual Meeting in 2009:

If we provide less than 70 days' notice, then we must receive the stockholder's written notice by the close of business on the 10th day after we provide notice of the date of the 2009 Annual Meeting. The notice must contain the specific information required in our Bylaws. A copy of our Bylaws may be obtained from our filings with the Securities and Exchange Commission or by writing to our Secretary. If we receive a stockholder's proposal within the time periods required under our Bylaws, we may choose, but are not required, to include it in our proxy statement. If we do, we may tell the other stockholders what we think of the proposal, and how we intend to use our discretionary authority to vote on the proposal.

Delivering a Separate Proxy Statement: We will not use our discretionary voting authority if a stockholder submits a proposal within the time period required under our Bylaws, and also provides us with a written statement that the stockholder intends to deliver his or her own proxy statement and form of proxy to our stockholders. Persons who wish to deliver their own proxy statement and form of proxy should consult the rules and regulations of the Securities and Exchange Commission.

All proposals should be made in writing and sent via registered, certified or express mail, to our executive offices, 29033 Avenue Sherman, Unit 202, Valencia, California 91355, Attention: Secretary.
